6 Finance Manager's report DJ

The card machine now is in operation at a cost of £24 per month. It was decided that no tea money will be put through the card machine.

Derek produced a spreadsheet summary of the finances from October through to December. At our balance is £2417 but our outgoings are £4314. The 250 Club has £1700 we are able to call on. Nothing has been banked as Tony has been on holiday – he will return on Thursday.

Derek stated that the VAT bill of £900 has been paid.

The Club is squeezed cash flow wise at present which is only to be expected at this time of year. This situation will continue until the Junior section's money comes in.

The key to this situation is to get people into the club and drink in the bar at slack times.

7 Club refurbishment

It was felt by all the Committee and by the results of the recent players survey that the Club is in urgent need of refurbishment!

KW is in the process of getting quotes for items like flooring, lighting, furniture; also designing etc. It is hoped that all the costings will be ready for the next meeting in February.

CD will try to procure posters and signs etc from BT and Sky for advertising purposes.

CD will also note that he will put on a summer agenda items pertaining to planning winter activities!
